Historical Interview Assignment

1. Conduct the interview according to the guidelines taught in class. Do not forget to record it in some form.
2. Using the interview as your most important source, write a brief biography of the person you interviewed. It can focus on a single event or on their life in general. You can (and should!) use other sources, too – but the primary focus should be on the interview.
3. All sources you use, including the interview, must be properly cited in APA format.
4. The paper should be between 3-5 pages. It should be double-spaced, with Times New Roman 12 pt font and 1-inch margins. The page requirement does not include the cover page or the works cited page. Block quotes do not count toward the page total, either.
5. Remember to avoid plagiarism at all costs!
